"The shepherds were no ordinary tenders of the

flock. They were priestly shepherds responsible for lambs destined for the Temple in Jerusalem. Part of their role was to deliver newborn lambs, wrapping them in swaddling cloths and certifying that they were strictly unblemished for eventual sacrifice. When the angel appeared to them with a sign, they would have been mindful of the Micah prophecy to Israel that the

announcement of the Messiah would be at the Tower of the Flock. Therefore, the sign given to them was not where they will find the babe but who He was." REVELATION AT THE MANGER uncovers the mystery of the shepherds and other hidden truths that answer who Jesus really is and why His mission and message is as relevant today as it ever has been. Alastair Kirk provides a fresh, deeper

understanding of the birth of Christ, presented in a clear and concise way, challenging preconceptions and shedding new light on the miraculous account of when God sent His Son into the world. Whether you are a follower of Jesus already or still seeking, there is much more to discover about the One placed in the manger that will strengthen your faith, whilst leading you to discover a life

of transformation and hope. The Mystery of the Gospel UNC Press Books From USA Today bestselling author K Webster and Nikki Ash comes Hidden Truths: a romantic suspense. Thomas Nelson  
There is no question that women are called upon to make a variety of sacrifices during the course of their reproductive lives. Dealing with the physical, emotional and psychological demands of the monthly reproductive cycle, of pregnancy and of childrearing can prove exhausting for many--especially

when coupled with the rigors of managing a home and full time employment outside the home. So why is it that these same women have been asked--and at times, required--to make health care choices which further compromise their overall wellbeing--while men--their partners and soulmates--are left with little or no responsibility for such issues as STD prevention and birth control? In a

guidebook tailored for both women and men, a seasoned doctor combines facts and advice relevant to women and their families that will empower them to make informed decisions about future health care. Dr. John Littell, a family physician with more than twenty-five years of experience that includes obstetrics and gynecology, shares valuable insight about

controversial issues in women's health care that range from HPV vaccination in children to the diagnosis and treatment of HPV-related disease to the numerous choices related to contraception and family planning. With an emphasis on natural options, Dr. Littell includes guidance and case studies related to common gynecologic health issues encountered by teenagers and women throughout

their reproductive lives while exposing much of the deception in women's health care today. *Hidden Truth* Independently Published Jacob Rawlings, retired magistrate, fisherman and master story teller, transports his daughter and grandchildren to his days of working on smacks in the 1860s, fishing boats trawling the perilous and unpredictable sea. After a tragic

accident claims the life of his father, Jacob's mother meets the unsavoury Thaddeus Stone. Jacob leaves home after many violent incidents ultimately come to a head. He meets fellow run away, Finbar McHugh who becomes his best friend as they embark on careers as fishing men; their ultimate goal to own their own smack. Luckily for them, they are mentored by a just and fair smack

owner who provides invaluable support. Jacob grows into a fine young man, with good morals and a philanthropic mission to improve the lives and hidden suffering of young apprentices on fishing boats.

 The Hidden Truth considers wide-ranging fields of study to develop a

logical path through compelling evidence to discover the nature of reality and the meaning of life. This inspiring book begins with a review of the most scientifically sound evidence from the fields of quantum physics, near death experiences, out of body experiences, reincarnation, and hypnosis-type contributions, including inter-life sessions, spirit guide interviews,

and channeling. The evidence is presented in a convincing fashion, moving in a deliberate step-by-step tempo to show evidential agreement and substantial overlap between these separate fields of study. A skeptic himself, Wilson sought to present this overlapping, conclusive evidence in a logical flow so that fellow skeptics might reach the same conclusions

concerning the nature of reality and the meaning of life. This book will inspire you to relook at life situations through this new lens of understanding, and provides amazing hope for the future of humanity. Hidden Truths In God's Word Steerforth A COVER-UP OF BIBLICAL PROPORTIONS ... Centuries ago, English translators perpetrated a fraud in the New Testament, and it's been purposely hidden and

covered up ever since. Your own Bible is probably included in the cover-up! In this book, which includes a study guide for personal or group use, John MacArthur unveils the essential and clarifying revelation that may be keeping you from a fulfilling—and correct—relationship with God. It's powerful. It's controversial. And with new eyes you'll see the riches of your salvation in a radically

new way. What does it mean to be a Christian the way Jesus defined it? MacArthur says it all boils down to one word: SLAVE "We have been bought with a price. We belong to Christ. We are His own possession." Endorsements : "Dr. John MacArthur is never afraid to tell the truth and in this book he does just that. The Christian's great privilege is to be the slave of Christ. Dr. MacArthur makes it clear

that this is one of the Bible's most succinct ways of describing our discipleship. This is a powerful exposition of Scripture, a convincing corrective to shallow Christianity, a masterful work of pastoral encouragement...a devotional classic." - Dr. R. Albert Mohler, President, The Southern Baptist Theological Seminary "John MacArthur expertly and

lucidly explains that Jesus frees us from bondage into a royal slavery that we might be His possession. Those who would be His children must, paradoxically, be willing to be His slaves." - Dr. R.C. Sproul "Dr. John MacArthur's teaching on 'slavery' resonates in the deepest recesses of my 'inner-man.' As an African-American pastor, I have been there. That is why the thought of

someone writing about slavery as being a 'God-send' was the most ludicrous, unconscionable thing that I could have ever imagined...until I read this book. Now I see that becoming a slave is a biblical command, completely redefining the idea of freedom in Christ. I don't want to simply be a 'follower' or even just a 'servant'...but a 'slave'." - The Rev. Dr. Dallas H. Wilson, Jr.,

Vicar, St. John's Episcopal Chapel, Charleston, SC
