It is a psychological fact that ninety percent of our mental power is never or seldom used. Therefore, most men have the power to achieve ten times as much as they ever accomplish. The Master Key Psychological Chart will tell you exactly where you stand, what you are accomplishing, and what you can accomplish if you make the necessary effort.

Bibliography The Amazing Secrets of the Yogi. c.1937 A Book About You. 1928. The Master Key System. 1912 The Master Key System. 1917 Mental Chemistry. 1922. The New Psychology. 1924. Haanel's book The Master Key System, was published in 1912, when he was 46 years old. It is written in the form of a course in New Thought, mental development, financial success, and personal health. The book was heavily promoted in the pages of Elizabeth Towne's New Thought magazine The Nautilus. By 1933 it had allegedly sold over 200,000 copies worldwide. Haanel practiced the financial principles he preached, and was a self made success who owned several major companies. According to Stevens, writing in 1909, "He was president of the Continental Commercial Company, president of the Sacramento Valley Improvement Company, and president of the Mexico Gold & Silver Mining Company." The original Master Key System contained 24 parts or modules of study. The allegedly "lost" chapters of the Master Key System, chapters 25-28, which are found in some editions, are not original, but have been copied from the chapters 11-14 of A book about You. Among the key points of Haanel's system are what he refers to as the laws of concentration, attraction, and harmonious thinking and action. Unique to the Master Key System is a set of exercises that accompany each chapter, and which are systematically building upon each other - they are what makes the Master Key System a system. Another important aspect of the Master Key System is the element of "Truth". The understanding of "Truth" is derived from the understanding that Spirit is all there is, and that it cannot be other than perfect. Truth provides readers/students with certainty, courage and determination to change their life for the better. In addition to the Master Key System, Haanel wrote several other books including Mental Chemistry, published in 1922, The New Psychology, published in 1924, A Book about You, published in 1927, and The Amazing Secrets of the Yogi, co-authored with Victor Simon Perera and published in 1937.

For every problem, there is a solution. For every person, there is a meaning. For every success, there is a formula. Synopsis "We live in a fathomless sea of plastic mind substance. This substance is ever alive and active. It is sensitive to the highest degree. It takes form according to the mental demand. Thought forms the mold or matrix from which the substance expresses. Our ideal is the mold from which our future will emerge." Charles F. Haanel penned those words and in Mental Chemistry you will discover exactly how you and your thoughts and perceptions shape the world around you and how you can use your mental faculties to control what happens in your life. Some of the "secrets" you will learn are... How to "suggest" sickness and pain from your life. A sure-fire plan to quit smoking forever. How you can influence luck, fate, chance, and destiny. What it means to be one of the 2% that shapes progress and how you can be a part of that. Why you are the way you are and methods to change if you so desire. In the tradition of his best-selling book The Master Key System, Mr. Haanel delivers to us more insight into life and the ways and means to live it to the fullest. Originally published in 1922, Mental Chemistry continues to be pertinent and poignant today.

In The Complete Master Key System, William Gladstone, Richard Greninger, and John Selby hark back to Charles Haanel's original text, and develop exercises that heighten readers' ability to implement Haanel's core principles. Their Daily Manifestation Sessions incorporate the most effective focusing methods used today and integrate ancient meditative techniques with new insights in cognitive psychology. Here are the secrets to Mental Chemistry; in this book you will learn how to improve your life by removing some kinds of thoughts and adding others. It works much like conventional chemistry; if you change the elements in a molecule you change the molecule. By changing elements of the way you think you will learn how to become a different, better, happier, and more successful you. Long before Michael Losier and James Arthur Ray reminded the world just how affective the power of positive thinking could be in Laws of Attraction and The Science of Success, Charles F. Haanel had mapped out the science of it.

The original "Master Key System" writings, available only through referrals from one person to another, were a closely guarded secret in Europe for decades. They were considered essentially secret wisdom teachings amongst primarily only the very wealthy. In 1912, Charles F. Haanel published this body of knowledge as a work which he presented as The Master Key System. This material was distributed as a weekly correspondence course in Twenty-Four parts, including a transmittal letter and questions and answers. In addition to the complete 24 part Master Key System you will have sections like; "Reflection" (which will serve as time markers), "Hourly Helps"(which will instruct you on how to handle the things which wear soul, spirit, and body almost to the snapping

point), a section entitled "Interpreting the Word" and an explanation of "The 12 Universal Laws". This book contains the secret to all you need and want out of life; Health, Wealth, and Love.

The Charles F. Haanel Anthology I. Including: The Mastey Key System AND The New Psychology Charles F. Haanel was a successful business man who discovered that spiritual life is a key to success in everything you do. He proved that what is happening outside is in a direct relation to what is taking place in your consciousness. When the Master Key was published, it was one of those books that successful business men wanted out of the market. They didn't want people to read this book as its truths would help anyone to overcome limitations. He explains in very plain language how to create your own world according to your own desires in accordance with your level of discipline in attaining your goals. The rumor is that when Bill Gates was just a student, he read this book and utilized its truths. Rest is history. The Mastey Key System Every thing and institution we see around us, created by human agency, had first to exist as a thought in some human mind. Thought, therefore, is constructive. Human thought is the spiritual power of the cosmos operating through its creature man. "The Master Key" instructs the reader how to use that power, and use it both constructively and creatively. The things and conditions we desire to become realities we must first create in thought. "The Master Key" explains and guides the process. "The Master Key" teaching has hitherto been published in the form of a Correspondence Course of 24 lessons, delivered to students one per week for 24 weeks. The reader, who now receives the whole 24 parts at one time, is warned not to attempt to read the book like a novel, but to treat it as a course of study and conscientiously to imbibe the meaning of each part - reading and re-reading one part only per week before proceeding to the next. Otherwise, the later parts will tend to be misunderstood and the reader's time and money will be wasted. Used as thus instructed, "The Master Key" will make of the reader a greater, better personality, and equipped with a new power to achieve any worthy personal purpose and a new ability to enjoy life's beauty and wonder. The New Psychology Book Description The New Psychology with a synthesis of philosophy, science, metaphysics, and religion-defines man's place in the universe and reveals his latent powers with a vividness that reminds the reader of a lightening flash. He can be weak or strong, rich or poor, according to the way he manipulates his consciousness and develops his inherent ability. He must be willing to spend as much money, time, and patience to bring about this mental garment as he would in clothing his body, beautifully and efficiently.
