Earn comps and avoid big losses Bet wisely, beat the house, and bring home the bucks! Crazy about casinos, but worried about losing your shirt? Relax! This hands-on guide is filled with insider secrets and tips for maximizing winnings and minimizing losses in the most popular casino games --blackjack, poker, craps, roulette, slots, and more. You get the scoop on everything from game rules and jargon to making the best bets (and knowing when to quit). Discover how to * Understand the odds * Develop winning strategies * Avoid gimmicks and bad bets * Manage your money effectively * Gamble on the Internet * Deal with the IRS
American Casino Guide CreateSpace

"A savvy, comprehensive text that covers the essentials of winning blackjack from soup to nuts." —Don Schlesinger, author of *Blackjack Attack: Playing the Pros' Way* Blackjack gives you the best odds of any casino game, and armed with a little know-how, you can obtain an advantage. Let veteran player and expert card counter John Bukofsky show you how. So you want to be Rain Man but just can't seem to instantly divide eight zillion by your shoe size? No problem—neither can the world's best blackjack players. But what they can do is work some simple techniques to increase their chances at the one game that already offers better odds for winning than slots, craps, roulette, or any other. Bukofsky explains all you need to know—from the basics of game-play and strategy to card counting at the professional level—so you can actually gain an advantage over the house. *Blackjack: Play Like the Pros* also provides helpful information on other important aspects of the game, including: •Betting and bankroll •Casino countermeasures •Camouflage techniques •Plus a special section devoted to "negative swings"—the number-one reason why many players end up leaving the game Beating the casinos at their own game isn't easy. But it can be done, and *Blackjack: Play Like the Pros* can increase your chances of walking out a winner. "Bukofsky is an excellent writer, whose 'hold-your-hand' style

makes it easy for the reader to master, sequentially, the skills needed to become a successful player. Many blackjack books skimp on details, especially when it comes to the mathematics of the game or complete card-counting systems. Not so here. I highly recommend it." —Don Schlesinger, author of *Blackjack Commando Craps & Blackjack* Main Street Books
With the help of the easy-to-master steps in this book, even a novice gambler can go from being a traditional blackjack player to a card counter--an advantage player with a true edge over the house. For a dozen years, Frank Scoblete was a devastating card-counter, consistently beating casinos in Las Vegas, Atlantic City, and Tunica, Mississippi and angering the casino bosses by knowing more about how to win money than almost anyone who ever challenged a casino. He employed sophisticated methods, including card-counting and little-known advantage-play techniques to turn the tables on the house. Now Frank, known as an icon of the gambling industry, shares with readers everything he knows about beating casinos at blackjack, including techniques for one, two, four, six, and eight deck games such as "end play," "the fat finger method," "card groupings," and several card counting systems that are easy to learn, but powerful and effective to play. "I Am a Card Counter" is an essential resource for any gambler looking to succeed at the blackjack table.

Play Blackjack Like the Pros Cardoza Publishing

This is the most talked-about book on the Blackjack scene. This book has sold more copies since its initial release than any other gaming book. Prior to this new edition there was no foolproof way to learn how to play Blackjack accurately. This is the only Blackjack book that is easy to understand and completely accurate, written for the beginner or for the expert player. "Playing Blackjack as a Business" was written by a successful professional Blackjack player. The author has probably spent more time playing Blackjack, more time in the casinos, and more time in research, than have all of the others combined who have written Blackjack books or devised Blackjack systems. The book features a new Basic Strategy for one deck, the first accurate Strategy to be published for four decks, and four easy-to-learn Count Strategies including the Reverse Point Count Strategy, which is the most accurate and most powerful strategy that has ever been published. The strategies were devised from computer runs by Julian H. Braun of IBM Corporation, long recognized as the world's most capable man in this field.
