Meet the Blue Collar Queen and her many manifestations. Whatever form or name she takes, this woman is not to be underestimated. She is sexy without wearing heels, loud without opening her mouth, intelligent and loving and loyal. She has a power that cannot be denied and that is simply . . . miraculous. In this collection of short stories, she brings with her an entourage of equally endearing characters, people whose frailty propels them to greatness and who show that through pain and

disappointment can come an unadulterated love of life and of the self.

As a playwright, a dissident, and a politician, Václav Havel was one of the most important intellectual figures of the late twentieth century. Working in an extraordinary range of genres – poetry, plays, public letters, philosophical essays, and political speeches – he left behind a range of texts so diverse that

scholars have had difficulty grappling with his oeuvre as a whole. In *Reading Václav Havel*, David S. Danaher approaches Havel's remarkable body of work holistically, focusing on the language, images, and ideas which appear and reappear in the many genres in which Havel wrote. Carefully reading the original Czech texts alongside their English versions, he exposes what in Havel's thought has been lost in translation. A passionate argument for Havel's continuing relevance, *Reading Václav Havel* is the first book to capture the fundamental unity of his vast literary legacy.

Discover the secrets of written persuasion! "The principles of hypnosis, when applied to copywriting, add a new spin to selling. Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a prospect to take the action you want. This is truly a new and effective approach to copywriting, which I strongly recommend you learn. It's pure genius." -Joseph Sugarman, author of *Triggers* "I've read countless book on persuasion, but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible." -David Garfinkel, author of *Advertising Headlines That Make You Rich* "I am a huge fan of Vitale and his books, and *Hypnotic Writing* (first published more than twenty years ago), is my absolute favorite. Updated with additional text and fresh examples, especially from e-mail writing, Joe's specialty, *Hypnotic Writing* is the most important book on copywriting (yes, that's really what it is about) to be published in this century. Read it. It will make you a better copywriter, period." -Bob Bly, copywriter and author of *The Copywriter's*

Handbook "I couldn't put this book down. It's eye opening and filled with genuinely new stuff about writing and persuading better. And it communicates it brilliantly and teaches it brilliantly-exemplifying the techniques by the writing of the book itself as you go along." -David Deutsch, author of Think Inside the Box, www.thinkinginside.com "Hypnotic Writing is packed with so much great information it's hard to know where to start. The insights, strategies, and tactics in the book are easy to apply yet deliver one heck of a punch. And in case there's any question how to apply them, the before-and-after case studies drive the points home like nothing else can. Hypnotic Writing is not just about hypnotic writing. It is hypnotic writing. On the count of three, you're going to love it. Just watch and see." -Blair Warren, author of The Forbidden Keys to Persuasion

THINKING STRAIGHT A Guide for Readers Writers by Monroe C. Beardsley SWARTHMORE COLLEGE New York PRENTICE-HALL, INC ACKNOWLEDGMENTS JL HIS BOOK is a shorter version of Practical Logic also published by Prentice-Hall, Inc., in 1960. The first six chapters are taken over in exactly the same form, but Chapters 7 and 8 present a selection of the material in the last nine chapters of Practical Logic. In writing this book I have received a considerable variety of assistance, which I am glad to acknowledge. The idea of the book, and of what is most original in its purpose, came to me from Mr. William A. Pullin, Assistant Vice-President of Prentice-Hall, Inc., who has been constantly

helpful, in a number of ways, at every stage of its composition. I thank Professor Maynard Mack, Department of English Literature, Yale University, for his guidance when the writing was just getting under way, and for many useful suggestions about the manuscript. I thank Professor Thomas G. Pollock, Dean of Washington Square College, New York University, for his patient and thorough editing of my various drafts, and for his valuable comments and corrections. Other readers have improved the manuscript in many ways. I think they will recognize their contributions, and I am grateful to all of them. They are Professor Ernest Nagel, Department of Philosophy, Columbia University Professor Henry W. Sams, Chairman of the College English Staff, the University of Chicago Professor Glenn Leggett, Department of English Literature, the Ohio State University Professor John Gerbcr, Department of English Literature, the Iowa State University Professor Bruce Dearing, Department of English Literature, Swarthmore College and Professor Alburey Castell, Department of Philosophy, University of Minnesota. I have learned a great deal that has helped me to write this book from discussions with my colleagues in the Department of Philosophy at Swarthmore College Professor Richard B. Brandt, Professor Roderick Firth, and Mr. Sidney Morgenbesser. Finally, I should like to record my indebtedness to two persons whose contributions, though deep and pervasive, are not so easy to vi Acknowledgments define. I owe much to my friend and former colleague, Professor William K. Wimsatt, Jr., Department of English Literature, Yale University. An important part of what I have put into this book derives from what he has taught me about rhetoric, and I should never have undertaken to write it

without certain convictions that have grown out of our discussions. And I owe very much indeed to my wife, Elizabeth Lane Beardsley, Department of Philosophy, the University of Delaware. From her I learned some of the books underlying and controlling principles of semiotic. Her encouragement carried me through several difficulties, and she clarified for me a number of philosophical and linguistic problems. In the fullest sense, she has been a help meet for me. M. C. B.
