A COMPLETE ECM
DISCOGRAPHY
painstakingly compiled
and covering releases
from 1969 to 2015. A
discography of the
entire music catalog of
Germany based ECM
Records (Edition of
Contemporary Music)
compiled by a long
time aficionado and
documenting every
release since the labels
inception. Founded in
1969 by Manfred
Eicher, an inspiring
music scholar and
double bass player
whose dream to launch
an independent record
label with its own
creative agenda went
on to change the
course and history of
music in the 20th
century. In 1969,
Eicher released the
first ECM album by jazz
artist Mal Waldron and
continued to introduce
a long line up of

incredible jazz talent including Chick Corea, Gary Burton, Jan Garbarek, Pat Metheny, Keith Jarrett, John Abercombie, the Art Ensemble of Chicago, and on.... The Koln Concerts by Keith Jarrett remains one of the top selling jazz albums in history. In 1984, Eicher introduced the ECM New Series as an avenue to release a great catalog of Western Classical recordings. The series was created for the debut recording for the incredible genies of Arvo Part. ECM has released well over a thousand album releases, most produced by Eicher himself personally. Also includes information on releases by affiliated labels JAPO and WATT. OVER 500 PAGES OF

INFORMATION including personnel, studio, dates, tracks and more. This book is not endorsed or affiliated with ECM Records and its origin was as a reference for radio DJ's along with its sister book, Volume 1, which features brief bios on every artist appearing on an ECM release."

(Book). A fitting tribute
to the troubled genius
who revolutionized
electric bass playing
and bridged the gaps
between jazz, R&B,
rock and funk. From his
early days in R&B club
bands through his
international stardom
with fusion group
Weather Report and on
to his solo career and
tragic death at age 35,
this book portrays the
life and music of Jaco
Pastorius, the self-
proclaimed "world's
greatest bass player."
This special

anniversary edition
features new
interviews with Jaco's
childhood friends,
prominent bass players
of Jaco's era and
afterward, and
girlfriend Teresa
Nagell, who was with
Jaco in the last few
years of his life. Some
incidents from the first
edition have been
further researched and
expanded to become

icon and Grammy Award-winning artist Bill Frisell. FEATURING EXCLUSIVE LISTENING SESSIONS WITH: Paul Simon; Justin Vernon of Bon Iver; Gus Van Sant; Rhiannon Giddens; The Bad Plus; Gavin Bryars; Van Dyke Parks; Sam Amidon; Hal Willner; Jim Woodring; Martin Hayes & Dennis Cahill 'A beautiful and long overdue portrait of one of America's true living cultural treasures.' JOHN ZORN 'The perfect companion-piece to the music of its subject.' MOJO 'Outlines the subject's life in a series of scrupulous strokes and intimate interviews that are rare in such undertakings . . . a cool, casual victory.' IRISH TIMES 'Over a period of forty-five years, Bill

Frisell has established himself as one of the most innovative and influential musicians at work today. A quietly revolutionary guitar hero for our genre-blurring times, he connects to a diverse range of artists and admirers, including Paul Simon, Elvis Costello, Rhiannon Giddens, Gus Van Sant and Justin Vernon of Bon Iver, all of whom feature in this book. A vital addition to any music lover's book collection, Bill Frisell, Beautiful Dreamer tells the legendary guitarist's story for the first time. 'Stuffed with musical encounters, so many that every couple of pages there's an unheard Frisell recording for the reader to chase down.' NEW YORKER 'Bill Frisell, Beautiful

Dreamer is the definitive biography. 'BILL MILKOWSKI, DOWNBEAT' Superb . . . the book races along like Sonny Rollins in full sail. Like subject, like writer: this is super-articulate, adventurous prose. 'PERSPECTIVE' [Watson's] writing balances unbridled passion and dispassionate research nearly as deftly as Mr. Frisell's playing does sound and silence . . . compelling. 'WALL STREET JOURNAL' Level 42 Createspace Independent Publishing Platform One of the most iconic and successful British bands of the 1980s, Level 42 are also arguably the ultimate 'fusion' unit, streamlining their energetic early jazz/funk/rock sound

into slick, effortlessly-soulful pop music. Encompassing eleven studio albums, including twenty UK top 40 hits and two US top twenty singles, their catalogue, in many ways, defines the '80s but also reflects their musical virtuosity and vibrant eclecticism, peppering tracks with influences from Herbie Hancock, Return To Forever and The Mahavishnu Orchestra. Emerging from the so-called 'Britfunk' scene, Level 42 developed from being one of the most electrifying live acts of the era to become a true songwriters' collective, delivering the effervescent, ubiquitous hits 'The Sun Goes Down (Living It Up)', 'Something About You' and 'Lessons In Love'. Level

42 - on track is the first in-depth study of the band's illustrious catalogue, track by track, album by album, with recording information, musical analysis, studio gossip, full musician credits and contributions from Mark King and Gary Husband. The book also covers the solo projects of the band's many members. Level 42 - on track is a must for fans and those interested in the wider musical landscape of the 1980s and 1990s.

The Cambridge Companion to Benjamin Britten is a comprehensive guide

to the composer's work, aimed both at the non-specialist and music student. It sheds light on both the composer's stylistic and personal development, offering new interpretations of his operatic works and discussing his characteristic working methods. Topics treated here in detail for the first time include Britten's work in the cinema in the 1930s, his lifelong pacifism and his strong interest in the music of the Far East; other chapters include reassessments of his relationship with W. H. Auden and his attitude towards childhood, comprehensive analyses of major works and a concise history of the Aldeburgh Festival. A distinguished team of

contributors include some who worked with the composer during his lifetime, as well as leading representatives of the younger generation of Britten scholars on both sides of the Atlantic.

The Pat Metheny Interviews Oxford University Press Presents an in-depth exploration of the musician's controversial electric period and the impact it had on the jazz community, as drawn from firsthand recollections about his artistic and personal life. Reprint.

Described by music critic Alex Ross as "the

most original musical thinker of our time" and having received innumerable accolades in a career spanning over fifty years, composer Steve Reich is considered by many to be America's greatest contemporary composer. His music, however, remains largely underresearched. Rethinking Reich redresses this imbalance, providing a space for prominent and emerging scholars to reassess the composer's contribution to music in the twentieth century. Featuring fourteen tightly focused and multifarious essays on various aspects of Reich's work--ranging from analytical, aesthetic, and archival studies to sociocultural,

philosophical, and ethnomusicological reflections--this edited volume reveals new insights, including those enabled by access to the growing Steve Reich Collection at the Paul Sacher Foundation archive, the premier institution for primary research on twentieth-century and contemporary classical music. This volume takes on the timely task of challenging the hegemony of Reich's own articulate and convincing discourses on his music, as found in his *Writings on Music* (OUP, 2002), and breaks new ground in the broader field of minimalism studies. *The Cambridge Companion to Benjamin Britten* Hal Leonard Corporation (Berklee Press). In "Learning to Listen,"

Gary Burton shares his 50 years of experiences at the top of the jazz scene. A seven-time Grammy Award-winner, Burton made his first recordings at age 17, has toured and recorded with a who's who of famous jazz names, and is one of only a few openly gay musicians in jazz. Burton is a true innovator, both as a performer and an educator. His autobiography is one of the most personal and insightful jazz books ever written. [Horizons Touched](#) University of Michigan Press In Keith Jarrett's *The Köln Concert*, Peter Elsdon presents, for the first time, a detailed musical account of Keith Jarrett's best-selling

The Köln Concert. It explores the way in which Jarrett developed the format of the solo improvised concert, and looks at the subsequent reception of the record. *Making Music American* Granta Books (UK) "This compendium reflects the latest international research into the many and various uses of music in relation to Shakespeare's plays and poems, the contributors' lines of enquiry extending from the Bard's own time to the present day. The coverage is global in its scope, and includes studies of Shakespeare-related music in countries as diverse as China, the Czech Republic, France, Germany, India, Italy, Japan, Russia, South Africa,

Sweden, and the Soviet Union, as well as the more familiar Anglophone musical and theatrical traditions of the UK and USA. The range of genres surveyed by the book's team of distinguished authors embraces music for theatre, opera, ballet, musicals, the concert hall, and film, in addition to Shakespeare's ongoing afterlives in folk music, jazz, and popular music. The authors take a range of diverse approaches: some investigate the evidence for performative practices in the Early Modern and later eras, while others offer detailed analyses of representative case studies, situating these firmly in their cultural contexts, or reflecting

on the political and sociological ramifications of the music. As a whole, the volume provides a wide-ranging compendium of cutting-edge scholarship engaging with an extraordinarily rich body of music without parallel in the history of the global arts"--

As stunning and complex as the music it celebrates, this book presents essays, photographs, archival material, and artworks that pay tribute to one

of the world's most daring and innovative record labels. Founded by the legendary producer Manfred Eicher in 1969, a moment when contemporary music was being redefined across all genres, ECM (Edition of Contemporary Music) aimed to bring jazz, improvised, and written music out of the studio and into living rooms around the world. Acoustically rich and expansive, ECM's productions set new standards in sonic complexity. ECM recorded some of the world's most extraordinary music, and its stable features some of the most influential musicians of the 20th century, including Keith Jarrett, Chick Corea, Steve Reich, Carla Bley,

Meredith Monk, Marion Brown, Codona, the Art Ensemble of Chicago, and Arvo Pärt. Renowned for its high standards of quality, clarity, and freshness, ECM remains a cornerstone in the industry today. This comprehensive volume showcases ECM's cultural breadth, not just in the music world but also within the broader artistic universe. It highlights aspects of African American music of the 1960s in Europe, during the height of the American Civil Rights era, as well as the changing relationships between musicians, music, and listeners. In exploring the work of ECM, this catalog brings together a range of visual arts-- installation pieces, photography, and film--

alongside essays and an anthology of liner notes. Music and the Creative Spirit Oxford University Press "Ake offers an engaging and eclectic alternative to much jazz studies fare by examining seldom-considered subjects and reading familiar ones through unconventional means. I came away from *Jazz Matters* knowing that I had learned something new regarding the practices of writing about, listening to, and playing jazz."--Eric Porter, author of *What Is This Thing Called Jazz?* "Smart, interesting, engaging, thoughtful, and stimulating, this book opens up a lot of what we often take for granted about jazz. A fitting sequel to *Jazz*

Cultures, Jazz Matters will no doubt be just as important to jazz scholarship."--Gabriel Solis, author of Monk's Music: Thelonious Monk and Jazz History in the Making "Jazz Matters is intellectually stimulating as much as emotionally involving. It deals with sides of the acts of creating jazz and listening to it that were hitherto little or no discussed, and does it with first-hand knowledge, empathy, and a wide range of references to literature, philosophy and art, adding something deeply valuable at the vast literature on jazz currently available."-- Francesco Martinelli, Director of Centro Studi sul Jazz "Arrigo Polillo" - Fondazione Siena Jazz

The Pop Palimpsest

University of North Texas Press

Licia Fiol-Matta traces the careers of four iconic Puerto Rican singers—Myrta Silva, Ruth Fernández, Ernestina Reyes, and Lucecita Benítez—to explore how their voices and performance style transform the possibilities for comprehending the figure of the woman singer. Fiol-Matta shows how these musicians, despite seemingly intractable demands to represent gender norms,

exercised their artistic and political agency by challenging expectations of how they should look, sound, and act. Fiol-Matta also breaks with conceptualizations of the female pop voice as spontaneous and intuitive, interrogating the notion of "the great woman singer" to deploy her concept of the "thinking voice"—an event of music, voice, and listening that rewrites dominant narratives. Anchored in the work of Lacan, Foucault, and others, Fiol-Matta's theorization of voice and gender in *The Great Woman Singer* makes accessible the singing voice's conceptual dimensions while revealing a dynamic archive of Puerto Rican and Latin American popular

music.
